

## Male Trapper of the Year

I would like to nominate a man who has been a long-time supporter of the MTA, not only monetarily but with his time and commitment to push the association forward. A big part of that commitment he was a co-director for 10 years and in that time, one thing he took charge of was scheduling and lining up the district spring meeting every year. Also, while on the board of directors he was on several committees, including education/scholarship and legal defense banquet.

Even though he is not on the board anymore, he is still highly committed to the MTA. He still helps with the legal defense banquet. The last few years he has given his time to mc the banquet. Making it a fun event for everyone. He also has a few other programs that are close to his heart, he was the Master Fur Handler multiple times and a big supporter to the Tanned Fur Project. Even being the top donor one of the years.

He has helped set up demo areas, ran booths at sportsman's shows, helped at auctions, and helped behind the scenes when needed. He promotes the MTA whenever he can.

I would like to nominate my friend, Shannon Cohrs or as many of you know him as Dead Coyote.

Sincerely

Leon Windschitl
