

I writing this communication to promote the nomination of a special member that exemplifies what serving and helping an even means.

He's always stood tall in supporting the MTA and what the organization stands for and is always willing to do what it takes to make a convention a success for members and non-members.

At convention there are many unrecognized needs that gone every year and this individual will most willingly tackle these challenges.

To name a few:

- seemly find power when there is no more available.
- fix air conditioners when a family of 6 are suffering from intense heat.
- get vehicles running so that members can get safely home.
- is always helping to find vendors for the convention.
- puts on pork roast for the convention. Of which most cost and labor is donated.
- when the convention is held in his district, he goes way above and beyond in helping the district director/co-directors. (for many conventions)

For over 35 years I've had the opportunity to work along with and watch this individual continuously help and serve administrative and members of the MTA.

So I proudly nominate Shawn (Twig)Uselman for 2023 MTA Trapper of the year.
